| Instructor | Text Responses   |
|------------|--|
|            | Question: Course element found effective   |
|            | Once weekly quizzes that require you to read before the class. Spontaneous extra credit kept people coming to class.   |
|            | The weekly quizzes were helpful since it gave us time to read through the assigned readings and prep ourselves for the upcooming lecture.  |
|            | I really enjoyed having guest speakers come in, and I thought the approach of being prepped for the material we were going to be learning was a great strategy with the quizzes! I really enjoyed this class, and felt Dr Hone did a great job putting materials together. |
|            | The guest speakers were good.  |
|            | I really enjoyed the poster project and the movie discussion because they were very interesting and better than being in class   |
|            | The poster element of this course is horrible and significantly ruined my grade. It is extremely hard and is grades very difficulty. If you've never dont a graduate type poster before like me it's eveb harder. There isn't a whole lot of guidance either.              |
|            | I liked the quizzes  |
|            | This class was so interesting and Dr. Hone made it even better! I love having the guest lecturers and the format of the course. Never felt like a 3 hour class.  |
|            | Movie and discussions are interesting. Thanks for extra credits.   |
|            | The lectures   |
|            | -Class format was good -Guest speakers were a great way to break up material   |
|            | She was well organized and a good lecturer.  |
|            | The guest speakers.  |
|            | Question: Course improvements  |

|             |  |
|-------------|--|
|             | None   |
|             | Please do not offer this class at night! Learning about such a heavy subject-matter (which was BTW really interesting!) at night was too much to take...Or if it offered at night, please make it a twice a week class rather than a single day of 3 hours!  |
|             | I think something that may be helpful is having this class as a shorter twice a week, as the 3 hour late night slot was a lot to handle and it felt unfair to place the burden of sleep induced disinterest to such an interesting topic.  |
|             | The tests could have been put together better.   |
|             | Give more guidance in regards to the poster for people who have never done one which is most.  |
|             | More specific with the content that will be covered on exams   |
|             | nothing!   |
|             | Guests' lectures are interesting but some content are not tightly linked to alcohol and health.  |
|             | The quizzes  |
|             | I have none  |
|             | No improvements.   |
|             | change the curriculum a little bit to make it a little less challenging...readings did not help.   |
|             | Question: Effective teaching   |
| Hone, Liana | The topic is naturally interesting but considering it was a long class it is always difficult to hold attention. Liana played videos and had class discussions that kept the class moving along while having us engaged.   |
| Hone, Liana | Dr Hone knows her stuff, and is incredibly kind. Of the professors I have taken classes under, she is probably the easiest to talk to, and I feel like she really remembers the stress of being a student in a way that some professors done, so she is incredibly relatable.  |
| Hone, Liana | The teacher was pretty good, but the class was long and it could have been more engaging.  |
| Hone, Liana | Made class fun to go to and presented interesting material   |
| Hone, Liana | She as a person is great and very helpful.   |
| Hone, Liana | good   |
| Hone, Liana | I was very skeptical about taking a class at 7 pm on a Monday night. I decided I would go to the first class just to see how it was and then decide. Dr. Hone sold me on the class within the first 5 minutes. She's peppy and approachable and really cares about the content she brings to the course. I always rave about her and this class to everyone! |
| Hone, Liana | She is nice and willing to help.   |
| Hone, Liana | Very effective   |
| Hone, Liana | A) PUTS THE REST OF THE PROFESSORS TO SHAME B) THE ONLY ONE WHO TAUGHT ME APA, ALMOST LEFT THE NEST WITHOUT KNOWING HOW IMPORTANT THIS WAS ALTHOUGH HER MEASURES WERE A LITTLE EXTREME C) CAN WE PROMOTE HER AND HAVE HER LIKE TRAIN THE OTHER PROFESSORS ON HOW TO TEACH??? D) SCREW THE OTHER PROFESSORS AT UB. MAKE LIANA TEACH ALL THE CLASSES.          |
| Hone, Liana | She is a good instructor and her guest speakers were wonderful.  |
| Hone, Liana | Very!  |
| Hone, Liana | too many guest lecturers. tests are extremely hard..work did not help with studying.   |
